Do you have a child aged between 3 and 18?

We are reviewing the community health services we provide to school-aged children and young people across Western Australia.

As a parent or caregiver, have your say by completing a short survey.

Your input will help us understand what is important to you, what is working well and what could be made better.

For more information or to have your say, visit:

Your answers are anonymous and it will not be possible to identify you or your child.

The survey closes on Sunday 10 June 2018.
