

PLASTIC, JUICE BOX AND NUDE FOOD LUNCHBOX

57 Landsdale families completed our Google form survey in July and August 2018 about waste, packaging and plastic - especially in our lunchboxes.

Only about 12% of people said they put juice boxes in student lunchboxes, but yesterday, in our Waste Audit, with only 3 bins counted, we had 31 juice boxes or milk cartons - all going to landfill. We don't really know what happens to them or how long they take to break down.
