

LPS P&C

Community Business Directory

The LPS P&C Committee are looking for expressions of interest for parents who run a small business and would like to feature in our LPS Community Business Directory.

Inspired by the Pre-primary students who were learning about Community, we want to be able to support those within our own school community by creating this business directory that would be circulated to our 550+ families within the school.

The Directory will be an A5 printed booklet with an advert per business featuring the business logo, description of services and contact details. There will be a small fee charged to cover the cost of the printing, with all excess funds raised to go towards the end of year Colour Run being funded by the P&C.

Expressions of Interest must be emailed to lpspandcfundraising@gmail.com by the 19th September 2020. Formal details will be distributed after this date for collation.
