

Cyber Safety Parent Information Session

with Paul Litherland from Surf Online Safe

Monday 23 August, 6 pm - 7.30 pm

Now, more than ever, people are connecting online. While there are many benefits to technology, it can also expose young people to negative experiences. We need to be aware of the dangers that potentially exist in the 'online world' and have the knowledge to minimise the impact this can have.

The Ashdale Cluster invites its parents to a FREE information session about cyber safety by **Paul Litherland** from **Surf Online Safe**. Paul, an ex-Police Officer of 20 years, spent the last five years of his Policing career in the Technology Crime Investigation Unit.

Paul's engaging and informative session focuses on educating students and community members on how to be safe online and raise awareness of current online risks.

Bookings are essential. Register via <https://ashdalesc.eventbrite.com.au>.
