

Building positive futures

About Our School

Warwick Senior High School caters for a diverse range of students from Years 7 to 12. We pride ourselves on our pastoral care focus with a high level of support for students. We are a school where the staff, students, parents and caregivers, come together to form a strong school community. As a relatively small school by secondary school standards, we endeavour to really get to know every student and form strong relationships with our parents and families.

Warwick SHS offers a broad curriculum for all students from Years 7 to 12. We offer Department of Education Western Australia approved Specialist programs in Australian Rules Football and Netball. These are complemented by our Elite programs in Dance and Music. Our gifted and talented students are supported through the Academic Extension Program in Years 7 to 10 and move through to ATAR courses in Years 11 and 12.

Our senior school offerings include a wide range of ATAR, General, Vocational Education and Training, and Workplace learning courses. We cater to the strengths of our students and develop individual pathways for each and every student. In 2020 our top ATAR score was 99.40 and 100% of our students studying a VET program achieved their qualification.

Warwick Senior High School is surrounded by beautiful bushland and open space. We offer a mix of traditional and contemporary curriculum options via our well-appointed classrooms and learning areas. Our teachers are highly qualified and passionate about student learning who make the most of the teaching spaces that Warwick has to offer.

Warwick Senior High School is well known for its STEM focus in every classroom, every day. We were named Best STEM school in Australia in 2018 and have won several Governors STEM awards for Best STEM school in the WA. This approach will be consolidated by the building of our new STEM building due for completion in 2023 along with our 250 seat Performing Arts Centre.

We encourage you to explore our school website <https://www.warwickshs.wa.edu.au> and contact us if you would like a school tour to learn more about education at Warwick Senior High School.
