

Early Signs of Autism

Presented by the Autism Association of Western Australia.

A no cost, two-hour information session specifically designed to support families and carers of children up to the age of 6 years old who suspect their child is showing signs of autism.

Online Session

Wednesday, 18 January 2023

6pm - 8pm online

For WA parents and caregivers

For more information and to register please contact
E: seminars@autism.org.au

The webinar will help:

- To identify the early signs of autism
- Understanding common myths and misconceptions
- To ask the Autism Association team any questions you have about your child
- Learn about the diagnostic process and intervention pathways
- Learn about what ongoing support is available for your child and family
- Opportunity for questions and answers

Supported by
