

Landsdale Primary School's Parent Link Program – SIGN UP FORM

Our **Parent Link Program** promotes community within classrooms by enhancing relationships between school families, as well as promoting parental involvement through communication.

It is a positive communication channel for families and does not circumvent the parent teacher relationship. Any school related matters are still to be discussed directly with the class teacher.

Each Landsdale Primary School class from Kindergarten to Year 6 has one or two Parent Link Program Class Parent Representatives.

If you would like to be part of the Parent Link Program at Landsdale Primary School please complete the form below and return it with to your class teacher as soon as possible.

Your Class Parent Representative will compile a class contact list to be distributed to your class. This list will not be used for any purpose other than its intended Parent Link Program use of communicating information relevant to your class and providing information for families.

It is not to be used as a contact list for business purposes and is not to be shared with any other persons outside your child's classroom.

Any concerns about your child's education or class related matters must be directed to the teacher, as the Parent Link Program is designed to put parents in touch for positive communication purposes.

If you have any questions contact either of the Coordinators for the program

Michelle Santoro - 0402 845 733 or Nerissa Toh – 0432 326 584
